

Statement from Welland Vale Nursery

It is with great sadness that we, the Burns family, have decided to close the doors here at Welland Vale Garden Centre this Sunday 29th March 4pm.

We feel we must take this step for all our wonderful customers and hard working staff and their families. We want everyone to remain SAFE.

We shall however still be taking phone or email orders for delivery. (Over £25 with 20miles is Free)

We will continue with our Food Essential Boxes and anything you may need from the Garden centre. Garden furniture, Water features, plants, pots, seed, compost, tools and more. Payments can be taken over the phone. Our webshop is running but not all stock is online. We are working hard on this.

Orders placed before 3pm will be delivered the next day. As it will only be members of the family working on site to look after our lovely plants and doing the deliveries, please do bear with us. We will be doing our best.

We believe that gardening offers a great support especially to our mental health. It has been wonderful to see so many people wanting to take this opportunity to learn more about their gardens and plants. Although this is a concerning and difficult time we feel we should appreciate that this has happened in Spring and not the winter months when we would all be driven mad staying indoors. We will continue to share gardening information with you on social media.

Take this time to enjoy being with the family. FaceTime and message as much as possible. Show each other you care. A small gesture will go a long way.

Thank you all for your continued overwhelming support. We would like to say a huge thank you to all our wonderful team for all their hard work and effort in this challenging time. Stay sensible and stay safe. We will see you all as soon as we can.

The Burns Family at Welland Vale Garden Centre.
