Message from the Beat Team:

We are very excited to announce the scheme to employ two persons from the Uppingham area to apply to be trained as Special Constables, to work in Uppingham and help keep the place safe. This idea was first discussed with the Police and Crime Commissioner in October 2017 and again in November 2017 with the Deputy Chief Constable of Leicestershire Police. After a time of analysis and negotiation, the decision to press ahead and look to add a greater policing presence to Uppingham was agreed. With the help of Uppingham First, the Uppingham Business Forum and key community leaders, this plan is in full swing. The amount of time this will take to achieve will roughly be between, 18-24 months as this time frame will include application, recruitment, vetting, interviewing and extensive training. Special Constables hold all the powers a regular Police Constable have, which means they have the power of arrest amongst other things.

If you think you would be suitable for this role, or know someone who would, then we encourage you to get in touch with us. Either in person at the Town Hall, by emailing us through our addresses found on the police website or by texting “PALP” to 87007 and leave us your name, contact details (email/tel) and the words “Uppingham Specials”.

Example Text: PALP Josh, Uppingham Town Hall, Uppingham Specials

This text will get you connected to the right team, and start you on the process.

For local Uppingham Police related news, you can visit the following link to see what our priorities are:

<https://leics.police.uk/local-policing/uppingham>

Current priorities are as follows –

Over the last few months, you have told us about a rise in anti-social behaviour in Uppingham. Examples of this include youths congregating on North Street East, climbing on the bus shelter, climbing on garage roofs on Queen Street, littering on South View and noise outside The Exeter Arms pub. Dog fouling is also a reported issue, causing concern to residents along Leicester Road. Noisy motorbikes late at night have also been reported riding up and down North Street East. By working with partner agencies and conducting patrols in ASB hot spot areas, we plan to disrupt this behaviour and deal with those responsible in the most appropriate manner.

What we are doing:

We have increased patrols in hot spot areas and targeted the ring leaders of the group. We have worked with partner agencies to help identify those involved and disrupt further criminal behaviour. We will continue to work with partner agencies to find diversionary opportunities to prevent this from happening in the future, as well as implementing strict enforcement where possible.

If you have any other concerns you would like made known to the police, then you can always report them through calling ‘101’ or ‘999’ if it’s an emergency, or by approaching Andy or I in the street when on patrol. You can also meet us by attending a Beat Surgery which we hold every month in various locations around Uppingham. The next Beat Surgery is on Sunday 2nd September in the ground floor meeting room at the front of the Town Hall between 2.30pm and 3.30pm.

The Consultation document sets out details of the additional sites promoted for development by landowners and/or potential developers since the Consultation Draft Local Plan 2017. These additional sites have not been assessed as to their suitability for consideration within the Rutland Local Plan. This consultation seeks the views of the public and stakeholders to assist in determining appropriate land use allocations in the next version of the Local Plan.

Please Note: No recommendations are set out as to the suitability or not, of these sites for allocation at this time.
